MUNICIPAL COUNCIL
In the case of Rex vs Salonen, Theft, a writing expert charged $10 a day for giving testimony, council thought this was a high charge. The solicitor did not think the magistrate's decision was in keeping with the evidence but pointed out that there were so many angles in the case he would not advise an appeal. The case arose over a destitute child.

A request was made to have the road repaired to Mrs. Fosters Referred to Coun. Sipprell. Coun. Christmas Cheer

I'm giving myself a telephone for Christmas

I'm playing Santa Claus to myself this year,” chuckled Charles Grinling to a friend. I'm giving myself a telephone for Christmas.

“T’ve been thinking over the many things I need, and I've decided that what I really need most is a telephone. From a social, business or protection standpoint, I don't know a thing that could give me more value.

“Nobody else is likely to give me a telephone, so this little present is going to be from me to me. I'll be calling you up to wish you a Merry Christmas.”
